FEATURES

MOUNTING KIT INTERFACE PLATE

Specially designed plate accepts Mounting Kit draw latch/connection point. Also provides additional tie-down points.

ROTO-MOLDED CONSTRUCTION

Designed to withstand serious impact in the most extreme conditions, made of lightweight polymer with UV blocking agents.

WEATHER RESISTANT AND DUSTPROOF

Tested to Mil-Spec 810G to protect against 70 mph wind-blown rain and dust. With a rubber gasketed lid, Pelican™ Cargo cases are weather resistant and dustproof.

E-COATED STEEL LATCHES

Over-center design steel latches are easily opened from the top of the case and include padlock hasps. Every part gets a twin-layer electroplate coating for superior corrosion resistance.

TIE-DOWN PLATES

Integrated tie-down plates mate with our Vehicle Mounting Kits, or use with ratchet straps or rope to open the case while tied down.

HEAVY DUTY LAY-FLAT HANDLES

Designed for the military, our lay-flat handles stay out of the way, lock at 90° and offer a comfortable, full grip. A huge improvement over rope handles.
